

Kredit Automation & Controls, Inc. Awarded Contract for DieKlean 360™ Aluminum Extrusion Die Cleaning Equipment

The DieKlean 360™ by Kredit Automation & Controls Inc. promises safe and efficient post extrusion die cleaning and etching

Phoenix, AZ ([PRWeb](#)) February 3, 2009 -- Kredit Automation & Controls, Inc., a Rockwell Automation Systems Integrator Partner, announced today that it has been awarded a contract for its unique DieKlean 360™ post [extrusion die cleaning system](#) by Gordon Aluminum Industries, Inc. of Schofield, Wisconsin.

The DieKlean 360-2E1TN is designed to chemically remove aluminum from extrusion dies that are up to 17" in diameter at a rate of 112 dies per day. Efficient removal of aluminum from dies is critical to preparing the extrusion dies for re-use. Unlike the process used throughout most of the industry, the Kredit Automation DieKlean 360™ is specifically designed to minimize employee exposure to hot, high pH, caustic liquids, reduce chemical consumption, and speed cleaning time. The fully automated system controls the cleaning (etching) process and automatically neutralizes the waste. In addition to significantly increased safety for the Gordon Aluminum die shop employees, attention to process control results in a high performance die cleaning system that offers up to a 50% reduction in sodium hydroxide consumption and up to a 50% reduction in cleaning time over conventional systems.

Kredit Automation & Controls has installed similar [aluminum removal systems](#) in various facilities at Hydro Aluminum, Kaiser Aluminum, and Indalex Aluminum Solutions.

About Gordon Aluminum Industries, Inc.:

Gordon Aluminum Industries is a family owned aluminum extrusion and fabrication company located in Schofield Wisconsin. With three extrusion presses, Gordon aluminum offers extrusion of aluminum shapes up to 10 inches in diameter and complete fabrication services including bending, forming, welding, and finishing of aluminum. Gordon Aluminum Industries is ISO 9001-2000 certified.

About KREDIT AUTOMATION & CONTROLS, INC.:

Kredit Automation is a manufacturing systems integrator located in Phoenix, Arizona. Their products and services include the design and fabrication of new machinery and material handling equipment, retrofit of older machinery with new [automation control systems](#), and 24/7 service and repair. Kredit Automation & Controls is a Rockwell Automation Integrator Partner, and provides integration, upgrades, and repairs for many Fortune 500 manufacturers.
